Hi Dan,

Please see attached document with comments. I think the other item that was not covered was what the recommendation was for the existing cameras, for example if they will still be kept or? You mentioned perhaps still keep them and pay maintenance until they breakdown or the option to give them to R&P.

Hope this helps….

Sonia –

Here is the draft of the LPR proposal. Please take a look and offer your input. I might still make a few changes before submittal. I attached the sole source letter, and the original 18-camera quote. I asked for an updated quote for 31 cameras, which I'm expecting by tomorrow.

Thank you,

Dan
